Asala Honey launches QR75.1m projects for Syrians

The Peninsula

Shiekh Thani bin Abdullah Foundation for Humanitarian Activities (RAF) launched a slew of projects related to health, education and development and housing, at a cost of QR75.1m to rescue displaced people in northern part of Syria.

The projects were initiated under phase-2 of ‘Save Aleppo’ campaign by RAF with other four Qatari charities participating in the campaign – Qatar Charity, Eif Charity, Qatar Red Crescent Society, and Al Aam Charity under the supervision of Charities Regulatory Authority. Dr Ayeed bin Balwan Al Qatami, Chairman, Board of Trustees, and General Director, RAF and Dr Mohammed Salah Ibrahim, Deputy Director of RAF inaugurated the projects in four sectors – housing, food security, schools and education.

Nine projects at a cost of over QR6m were inaugurated to provide health services to more than 4 million displaced people. The health projects include portable medical units and operating the hospital. In food security, RAF launched five projects at a cost of QR3.3m. More than 248,000 people are expected to benefit from the project’s Farmers were provided agricultural inputs and animals for breeding in Rajo and Hamis. Under shelter project, new insulated tents at a cost of QR1.2m were distributed to displaced people living in poor quality tent facilities.

Seven projects have been inaugurated to create educational opportunities to displaced children. More than 741,000 students and teachers are expected to benefit from these projects. Under educational projects, 30 school buildings damaged by the incident will be repaired. In addition, 3.5 million text books will be published. Salaries of 6,500 teachers will be paid for six months.
